I have had the honor of being endorsed by **Dave Ramsey** for the last 5 years. When Dave says you need to buy Long-term care---Folks listen! Working with Dave Ramsey is really like working with family, he is excited when your business grows, and Dave makes every effort to get the clients to call you. **Just listen** to his programs, when he talks about his ELP or sponsors it comes from the **heart**. People listen and **call**.
