**DAVE RAMSEY INTRODUCES ANDRES GUTIERREZ TO PROVIDE
FINANCIAL HOPE TO THE HISPANIC COMMUNITY**

NASHVILLE, Tenn. – Andres Gutierrez has joined Financial Peace University creator, Dave Ramsey, to bring a message of hope to the Hispanic community. Gutierrez has adapted Ramsey’s financial advice to the Spanish language in order to better connect with Hispanic communities. Paz Financiera is a biblically based program that teaches people how to handle their money through common-sense principles and small group accountability. It will be offered to churches, businesses, and community centers.

“People of all languages are looking for a solution to gain control of their finances. Andres is able to connect with his audience in order to deliver this powerful message and change the way people think about their money,” says Dave Ramsey.

Gutierrez knows firsthand what it is like to build wealth from nothing through his life experience as a small business owner and entrepreneur. From hosting a San Antonio financial radio program and appearing frequently as a financial expert on Telemundo television network, he has counseled hundreds of people through difficult financial decisions. After being introduced to Ramsey, they decided to join together to teach Hispanics how to manage their money and achieve their financial goal.

“Being able to teach these principles is an exciting opportunity. These easy-to-understand lessons are what the Hispanic community needs to gain control of their money and their lives,” comments Gutierrez.

Since 1994, Ramsey has helped more than one million families learn how to positively change their financial future through Financial Peace University. Gutierrez has tailored this life-changing course into six lessons that connect with a Hispanic audience. The lessons are taught on DVD in a fun and entertaining way. After each DVD, groups gather together to discuss the lesson and encourage each other in their journey to financial freedom. The topics include:

- Saving for emergencies
- Budgeting
- Getting out of debt
- Relationships and money issues
- Credit scores

- Giving
