**DAVE RAMSEY'S CUSTOM COLLEGE GUIDE
HELPS COLLEGE STUDENTS GRADUATE DEBT FREE**

Nashville, Tenn. -- Nationally syndicated radio talk show host and *New York Times* best-selling author, Dave Ramsey, recently launched his *Custom College Guide* to help incoming and current college students navigate their way through the college selection process. By spending only twenty minutes answering questions over the phone about their situation and the colleges they are considering, prospective students receive a customized book comparing up to six colleges of their choice. Showing the financial impact of each school, the Custom College Guide allows students to make an informed decision about college so they can graduate without any student loans.

By using *Dave Ramsey's Custom College Guide*, students are provided with easy to understand information about the total costs of the colleges they choose and what types of aid they qualify for. Dave's daughter, Rachel Cruze, provides content throughout the guide that helps students better understand the importance of making informed decisions about college and understanding the impact student loans and debt can have on their lives long term. The guide also explains the different types of aid so that students understand exactly what they are signing up for.

"People don't take enough time, if any, to consider their options when it comes to college," says Rachel Cruze. "College is the second largest investment most people make, after a home. The *Custom College Guide* makes it easy for students to make the right decision for them now and for their future."
