EntreLeadership is the process of leading to cause a venture to grow and prosper, combining the innovative spirit of an entrepreneur with the passion and drive of a leader. This philosophy is how Ramsey has grown his highly successful company and trained his leadership team since day one.

EntreLeadership Summit is presented by Dave Ramsey's Ramsey Solutions. In 1992, Ramsey founded The Lampo Group, Inc. to provide financial counseling, through various means, to anyone who wants to better understand the principles of proper money management. Twenty years

later, the company has grown from a card table in his living room to more than 450 team members and has been voted one of the Best Places to Work in Nashville seven times. In 2014, the company rebranded to become Ramsey Solutions as part of an ongoing plan for growth and longevity. Ramsey runs a multi-million dollar company with a nationally recognized brand, but he defines success by the number of lives changed through his message of hope.
