RACHEL CRUZE PRESENTS *THE GRADUATE'S SURVIVAL GUIDE*

NASHVILLE, Tenn.-- Rachel Cruze, speaker and daughter of Dave Ramsey, is excited to introduce *The Graduate's Survival Guide*. Including the common sense money principles taught by her father. Cruze presents a college freshman's guide to money management and college life.

"Having just graduated from college a few years ago, I know the pressures that students face. I was bombarded by the credit card offers. I was right there in the trenches with every other student, seeing the struggles they face. Students don't realize that the decisions they make in the next four years can affect them for the next 40 years," says Cruze.

The quick reference guide and DVD, is designed in a question and answer format; a fun resource for any graduate. Some of the lesson topics include:

- balancing a checkbook
- credit cards
- part-time jobs
- student loans
- scheduling classes

The Graduate's Survival Guide is available at www.daveramsey.com for \$19.95.

About Rachel Cruze

Growing up as a Ramsey kid, Rachel Cruze learned the basic principles of money at an early age. Today, she's passionate about passing on those truths to her generation. Since joining Dave's team, she has traveled the country to speak to teens and young adults at high schools, colleges and youth conferences. By teaching them how to budget, save for things like cars and college, and give of their time and money, she hopes to change the way her generation views money.
